

## **Media Guide to NAPNAP's Clinical Expert Panel**

The National Association of Pediatric Nurse Practitioners (NAPNAP) maintains a list of Clinical Experts in a variety of Pediatric health care topics. The experts have completed a peer-review process and are recognized as authorities in specific topic area.

Clinical Experts are valuable resources for Media, Industry, and Professional Organizations who are looking for professionals in a specific top area.

**Media:** Consider NAPNAP's Clinical Expert Panel as your source for pediatric health care experts to provide experience-based commentary, provide articles on pediatric related topics or to serve as a media spokesperson.

**Industry:** Consider NAPNAP's Clinical Expert Panel for your source for experts to assist in the development of educational materials, publications, or brochures.

**Professional Organizations:** Consider NAPNAP's Clinical Expert Panel as your source for experts to serve on committees, advisory boards, educational panels, and other activities where professional pediatric expertise is needed.

Find a Clinical Expert by selecting topic area of Expertise. After you have located an expert, please contact:
