

Your kitchen table.
Your 24/7 classroom.

PedsCESM is your online resource for pediatric health care and advanced nursing continuing education from NAPNAP, The Leader in Pediatric Education for Nurse Practitioners[®].

Why PedsCESM?

- We keep your participation records, so you don't have to.
- Our courses are developed by topic experts and share the latest evidence-based information.
- Our easy-to-use course catalog helps you find the education you need quickly – especially pharmacology-related content.

PedsCESM has several **NEW** courses for individual or faculty/institutional users:

- 3-PARRT (Providers Assessing Risk and Responding to Trafficking): modules to guide pediatric providers in overcoming an educational gap to help end child trafficking.
- NP Preceptor: seven modules to aid preceptors prepare well-rounded NPs; also appropriate for NPs looking to expand their knowledge in key areas such as quality improvement and interprofessional collaborative experience.
