Additional Services

The following is a description of additional opportunities that are available (ALL require additional fees that are not included in the administrative fee).

1. **Funding Request and Budget Review** – A NAPNAP senior manager will review funding application and assist with questions or concerns the Program Organizer may have. It is still the responsibility of the Program Organizer to develop and submit the funding request, complete all required paperwork, and develop and submit a budget to receive funding for the program. **Additional Cost: $2,500**

2. **Letter of Agreement (LOA) Review and Sign** – NAPNAP will assist with the review of any letters of agreement and sign as co-sponsor or approving organization, if requested. **Additional Cost: $2,500**

3. **Funding Request Submission and Administration of Funds** – NAPNAP understands that some sponsoring companies require the sponsorship request to come from the accrediting or hosting organization (NAPNAP). NAPNAP will assist with the review of and submit any necessary letters of request to the potential Program Supporter. However, the Program Organizer is responsible for developing the request, completing all required request paperwork, and developing a budget for the program. NAPNAP will ensure the request is submitted to the requested Program Supporter and will receive the funding, if approved. The Program Organizer will then be responsible for invoicing NAPNAP for the appropriate costs and reconciling the budget/money at the close of the program. Additional Opportunity: Post In-person Conference Enduring Materials

As an additional opportunity, enduring materials may be produced based on ancillary CE symposia held during the NAPNAP National Conference pending approval by the NAPNAP Education & Learning Department. **Any content that has been repurposed for web delivery must be hosted by NAPNAP's PedsCE^{SM} – Online Community for Pediatric Health Care and Nursing Continuing Education. Any content that has been repurposed for printed delivery must offer the option to partake in the post activity test and evaluation survey hosted by NAPNAP's PedsCE.** Any intent to repurpose content of the live meeting must be made known in the application submitted.

NAPNAP requests that all materials related to enduring material be submitted for approval. Enduring materials are considered a separate activity and thus will be subject to separate continuing education accreditation from the live event. Once approved, any proposed revisions must be submitted for approval as well. A final copy of all materials must be submitted to Laura Nelsen at lnelsen@napnap.org approximately 6-8 weeks after the live event. NAPNAP recommends that sponsors do not print materials or go live with web sites before approval from NAPNAP has been received. NAPNAP is not liable for any expenses the sponsor may incur if changes must be made to pieces that have already been produced. All re-purposed material must contain the designated NAPNAP disclaimer.

*Post-Conference Derivative Program - Any enduring materials or programs that are produced based on the content of this symposium **must** be submitted to NAPNAP for review and NAPNAP CE accreditation. A formal Post-Conference Derivative Program Request Form must be filled out and may be submitted up to 4 weeks before the national conference or within 3-4 weeks after the conference. *NAPNAP will not designate final approval for any derivative or enduring materials until after the conference*.
