

Introducing the NAPNAP PULSE Committee

Promoting Unity and Leading toward Strategic Excellence

Our Committee's Purpose

To support an organizational culture within the NAPNAP ecosystem that fosters opportunities for professional growth and engagement of all members and is aligned with NAPNAP's mission, vision, values and strategic plan.

What We Do

- **Advise & Align:** We provide guidance to ensure initiatives align with organizational values and strategic goals.
 - **Curate & Develop Resources:** We bring together best practices, frameworks and tools that promote inclusion and engagement to help every member thrive, regardless of role or background.
 - **Champion Belonging:** We support NAPNAP so that every member feels valued, connected and empowered to improve child health outcomes. PULSE feels the heartbeat of connection, inclusion and collective growth across NAPNAP.
